BRITONS CELEBRATE

Birthday of King Edward Appropriately Observed.

A BIG PAGEANT IN LONDON

It Represented All the King Edwards from Edward the Confessor to Edward VII, Each Group Forming a Distinctive Cavalcade.

London, Nov. 11—The birthday of King Edward, who was born Nov. 9, 1841, was observed Saturday throughout the British empire with the customary military and naval salutes and displays. His majesty is celebrating the event at Sandringham, where the king and queen of Spain and the queen of Norway, in addition to many other members of the British royal family, are staying.

The morning was occupied in receiving an immense number of congratulatory telegrams, letters and presents from all parts of the world, one of the most notable events being the presentation to the kiaf of the Cullinan diamond, the largest known, estimated to be worth $756,000, and donated to his majesty by the legislative assembly of the Transvaal.

During the afternoon the king and queen entertained the tenantry of Sandringham at dinner.

The great event of the day in London was the lord mayor's show, which was a distinct improvement on the second rate circus-like parades of the past years.

The services of a professional pageant maker were called in, with the result that he organized a historic procession, representing all the King Edwards from Edward the Confessor to Edward VII, each group forming a distinctive cavalcade arrayed in the costume of the period represented.

The route of the procession was elaborately decorated and the pageant was viewed by enormous throngs.

"OILY" JOHN'S NEW ROLE.

Merrill Gates, Counsel of Legal Aid Society, Extols John D.'s Aid.

New York, Nov. 11.—John D. Rockefeller was pictured as a seeker of justice for the lowly by Merrill B. Gates, chief counsel of the Legal Aid Society, in a lecture before the New York University law school. Mr. Gates told of Mr. Rockefeller's support of the West Side bureau of the society, asserting that the oil magnate alone made justice possible for thousands of wronged west side poor.

"We have heard from time immemorial from what is termed the other side of the story," said Mr. Gates. "I want to give that side of a most momentous story—the story of John D. Rockefeller.

"Statistics just compiled show three thousand miscellaneous cases to have been handled in the last nine months by what is known as Mr. Rockefeller's branch office of the society.

"Precisely that number of wronged might have gone without redress had it not been for Mr. Rockefeller for we should have found it absolutely impossible to carry on work in the great west side without Mr. Rockefeller's aid.

Sheriff Killed by Train.

Danville, Va. Nov. 11.—Sheriff J. H. Beard, of Amherst county, Virginia, was run over by a Southern railway train in front of the passenger station here Friday night, sustaining injuries from which he died several hours later. Both of his legs were torn off at the knee. He was attempting to board a moving northbound train. He was about 55 years of age, and his daughter, Mrs. N. G. Perkins, of Sanford, Fla., was at the station at the time of the tragedy.

Falls To Death from His Window.

Mobile, Ala., Nov. 11—Frank Over, an employe of the Otis Elevator company, aged 25 years, fell from the tenth story of the uncompleted Van Antwerp building Friday afternoon and was instantly killed. The unfortunate man missed his footing in the elevator shaft and came down on his head. His body was badly mangled.

SYNOD HAS ADJOURNED.

Choosing College Site Is Held Over for Next Meeting.

Macon, Ga., Nov. 11.—The question of selecting a site for the new Presbyterian college for Georgia has come to be a far more perplexing one than was at first thought. Since it has become an assured fact that one will be established, the members of the synod have been working hard to settle this question, but so far there have been no good results.

Every minister attending is happy at the outcome. The long need of a college at which the young men of the denomination can study for the ministry has been generally felt and there will now be strong efforts to establish one that will suit all the needs of the Presbyterians in the state. The final report on the college matter was made by the committee and adopted Friday morning. The old committee was retained until the next synod meeting, at which time it is hoped the question of a site will be determined.

Rev. W. A. Nisbet, of Savannah, preached the holy communion sermon Friday morning in the presence of a large congregation. The holy communion was administered and the ministers present assisted in the observance. A short business session was held, and following this the synod adjourned until the next annual meeting in Athens.

Numbers of the ministers will remain over until Sunday and will be heard at the morning services in the various city churches.

STRIKE DECLARED OFF.

Commercial Telegraphers Are Ready to Return to Work.

Atlanta, Nov. 11.—The telgraphers' local union in Atlanta met Friday afternoon and declared the strike off. This means that some 150 operators will go back to work if they can find positions open.

The Western Union manager states that there are only twelve places to be filled in his office in the city. The Postal company says it has no vacancies at all.

The strike went into effect on Sunday, August 11, almost three months ago, and after being out of work that length of time the men have now decided that they are ready to return to work.

The telegraph companies say that during the strike they have filled nearly all the places left vacant when the strikers went out, so that now there are few vacancies.

Of the 200 who struck, some thirty have secured positions in railroad offices and a few have left the city.

There are possibly about 150 who will seek reinstatement.

The telegraphers hope in time to all be reinstated.

Memphis Operators Go Back.

Memphis, Tenn., Nov. 11—An order declaring off the strike of commercial telegraph operators in this city was issued Friday night by President A. S. Groves of Washington local No. 24.

HARRIMAN CONTINUES MUM.

But Efforts Will Be Made to Compel Him to Answer Certain Questions.

New York, Nov. 11.—Efforts to compel E. H. Harriman to answer the questions propounded to him last spring by the interstate commerce commission concerning the Chicago and Alton railroad will be renewed on Wednesday.

C. A. Severance of counsel for the commission has arrived here. He will appear next week before Judge Hough in the United States circuit court, where he will argue in behalf of the petition, asking that the financier be compelled to answer the inquiries.

Mr. Harriman refused to answer when asked whether he owned any of the Alton stock sold to the Union Pacific, on the ground that this was not within the province of the Inquisitors.

Farrington to Succeed Pearce.

San Francisco, Nov. 11.—The Call Saturday morning said that W. H. Farrington, of New York, will be chosen general manager of the Pacific Coast Steamship company to succeed W. S. Pearce, recently resigned. Mr. Farrington, it is stated, is allied with the Harriman interests.

A $3,000,000 BLAZE

Disastrous Fire Occurs at Superior, Wisconsin.

GRAIN ELEVATOR IS BURNED

Three Flour Mills, Forty Homes and Seven Hundred Thousand Bushels of Grain Were Also Destroyed—One Man Supposed to Have Perished.

Duluth, Minn., Nov. 11.—Fire which started in the Great Northern elevator at Superior, Wis., about 9 o'clock Friday night and burned all night, destroyed the elevator, three flour mills, forty homes and 700,000 bushels of grain.

Two scows, a derrick and two tugs were also destroyed.

The loss is estimated at $3,000,000.

One man, who entered the plant of the Duluth Superior Storing company to rescue a tool chest, was not seen again, and is thought to have perished in the flames.

The estimated losses are partially distributed as follows:

Great Northern Elevator and Power house, $1,250,000; Freeman flour mill and elevator, $250,000; Great Lakes Dredge and Dock company, $75,000; Minetonka flour mill and elevator, $50,000; Webster Chair company, $30,000; Superior Shipbuilding company, $25,000; Whitney Bros., marine contractors, $25,000; Northern Pacific railway bridge, $5,000.

The fire, the cause of which is unknown, started at the southwest corner of elevator "A" dock and before it was discovered had spread to the elevator proper. An alarm was turned in and four fire tugs responded. The intense heat, however, drove the tugs from the slip and unable to do anything to save the elevator they concentrated all their efforts in an attempt to save the adjoining property from destruction.

Flying sparks soon ignited the Grand Republic Mill, the dock of the Great Lakes Dredge and Dock company, and the plant of the Duluth-Superior Storage company, which contained the finishing plant of the Webster Chair company. The Globe elevator, owned by the Peavy Grain company, also caught fire, as did also the saw mill of Peyton, Kimball and Barber, but the flames at both these buildings were extinguished before much damage was done.

The Northern Pacific bridge, connecting Duluth and Superior, was damaged enough to interfere with the traffic between the two cities.

SHIPPING CURRENCY.

New York Banks Striving Hard to Meet the Demands.

New York, Nov. 11.—The leading New York banks were exerting themselves actively Friday to meet the demands of their country correspondents and depositors for currency.

They declare that the suggestions made from several western sources that they are not meeting legitimate demands are unfounded and that they are on the contrary taking every practical measure to aid the west and the south.

One of these large banks, with several thousand correspondents, has depleted its reserves by about a quarter during the last few weeks to supply currency where it is most needed and has made large shipments to banks in San Antonio, Galveston, Memphis, Mobile, Atlanta and other southern points.

FELL THROUGH ELEVATOR.

Probably Fatal Accident Occurs at Mobile, Ala.

Mobile, Ala., Nov. 11.—News received here from Hattiesburg, Miss., states that three white men and a negro were dashed downward eighty feet in the elevator at the Carter building Friday night. The negro escaped unhurt, but the white men were all terribly wounded, and it is doubtful if any of them will recover.

The victims are Dr. W. H. Doty, Charles Schurz and Clarence Green, John Hurt, the negro.

TO PROTECT IMMIGRANTS.

Louisiana State Board of Immigration to Take Action.

New Orleans, La., Nov. 11.—Vienna dispatches that the Austrian government has warned its people against emigrating to the south, where peonage is alleged to exist, have determined the Louisiana state board of immigration to tke immediate action in New Orleans to protect immigrants coming to this country.

Secretary Knoepfler, of the board, announced Saturday that he will ask the city council to pass regulations stopping abuses which have sprung up within the past few months, during which New Orleans has become a considerable gateway for immigration.

Mr. Knoepfler claims that tricky foreigners and not southern planters, are largely the cause for such warnings as that of the Austrian government. These foreigners, he claims, get hold of the immigrants when they land in New Orleans, swindle them out of much money for board, and poison their minds against immigration officials. Then they make them believe fabulous tales of plantation opportunities which result in bitter disappointment to the immigrant upon learning exactly what plantation work is in this country.

KAISER APPROVES CHOICE.

Hill Will Be Acceptable as Ambassador to Germany.

Berlin, Nov. 11—The announcement at Washington Friday by Secretary of State Root that David Jayne Hill, American minister to the Netherlands, would be named as ambassador to Berlin in succession to Charlemange Tower, who is to retire, was received at the foreign office here sympathetically. The intention of the United States government has been known for several days through a dispatch from the German embassy at Washington, President Roosevelt, it is stated, having asked the German ambassador, Baron von Speck Sternberg, to make inquiry whether Mr. Hill would be agreeable as ambassador to the authorities here. Emperor William, to whom the inquiry was submitted, gave his immediate approval, which the foreign office comunicated to Washington.

The morning newspapers print the Washington announcement with appreciative sketches of Mr. Hill's career as university president, author, and his public service in the state department at Berne and at the Hague.

NEW ELECTRIC LINE.

Tidewater Development Company Will Build Road.

Mobile, Ala., Nov. 11.—The Tidewater Development company, capitalized at $10,000,000 for the purpose of transporting coal from the Warrior river mines in north Alabama to New Orleans, La., through the lake Borgne canal and Mississippi sound have begun the work of building an electric car line from Tuscaloosa, Ala., to Birmingham, Ala., for the purpose of making connection with the river end of the line.

This company was financed before the present money stringency by New York capitalists.

Reporter Makes Balloon Ascension.

Augusta, Ga., Nov. 11—W. B. Seabrook, a reporter on the Chronicle, Friday afternoon, made a successful balloon ascension and parachute leap. It is said the young man went up a half mile before cutting loose. He had a narrow escape from a dangerous wetting in the canal missing the banks but a few feet. One of the professional aeronauts fell into the canal a day or two ago and narrowly escaped death. No one knew of Seabrook's intention except the owner of the balloon, who had been coaching him for several days.

Fatal Fall from Moving Train.

Eatonton, Ga., Nov. 10—Intelligence has reached here of the death of T. J. [illegible] of this county, which occurred near Jacksonville, Fla. He had just recovered from a case of typhoid fever, and had gone to Florida to spend a season with a relative. His body was found by the side of the railroad, and it supposed that he came to his death by falling from a moving train.

TAFT LEAVES MANILA

A Remarkable Demonstration on Part of Filipinos.

GIVEN FAREWELL OVATION

Secretary Reviewed Military, Civic and School Parade—Expresses His Confidence to the People in the Future of the Philippines.

Manila, Nov. 11.—The departure of Secretary of War Taft from the city on the cruiser Rainbow for Vladivostok Saturday was made the occasion of a remarkable demonstration on the part of the Filipinos. The horses were drawn from the carriage in which sat Mr. and Mrs. Taft, and it was pulled by Manila schoolboys from the Luneta to the dock through streets lining crowds of citizens.

Mr. Taft started from the residence of Gov. Gen. Smith at 8 o'clock Saturday morning. He reviewed the military, civic and school parade on the Luneta at 9, making a brief address in which he thanked the people for their reception, praised the work of the assembly and expressed confidence in the future of the islands.

Mr. Taft and party embarked at 11:30 and sailed at 11:50, the vessel on which they were being towed down the bay by a flotilla of launches with military and civil officials on board to the Rainbow, where they said their last goodbys. Mr. Taft and party expect to arrive at Vladivostok on November 18 and to remain there on their trans-Siberian journey on November 19. All of the party are in the best of health.

In an interview with a representative of the Associated Press before his departure Mr. Taft said:

"I feel deeply grateful for the reception and entertainment given me by the people of the Philippines. It far exceeds in its warmth and spontaneity anything I expected and I can not sufficiently express my gratification and satisfaction.

"The condition of affairs of the Philippine government is most satisfactory, and taken throughout the progress made during the past few years is remarkable.

"From the first I had full confidence in the legislative assembly, a confidence which has been justified by their actions. So far it has taken a conservative form and I have no doubt it will continue its useful, patriotic and diligent course. I have yet to hear near a single member who does not apparently feel a full sense of the responsibility of his duties toward his constituents and country and I feel sure that conservatism, rather than radicalism, will continue to mark the official conduct of this body.

"I leave the Philippines with increased confidence in the future of the islands. What I have seen and learned on this trip has confirmed my opinion on the subject which I had previously formed and have frequently expressed before."

Accident to Fast Express.

Pittsburg, Pa., Nov. 11.—The Atlantic Express from Chicago to Pittsburg on the Pennsylvania, [illegible] while running at a fair rate of speed met with an accident in Allegheny Saturday. Many of the passengers were severely bruised and shaken but none was seriously injured. The accident resulted when the forward end of the day coaches became [illegible]

New York, Nov. 11.—The [illegible] known gold engagements for Europe [illegible] $50,000,000 mark Saturday when Lazard Freres announced that they had secured an additional $1,000,000 [illegible] in Europe. This makes the total of the movement $50,000,000, for which Lazard Freres has engaged [illegible]

Fugitive Froze to Death.

Rochester, N. Y., Nov. 11.—Prof. Abell, professor of modern languages at West High school, escaped from the sanitarium of Dr. Graham some time after midnight Thursday and was found covered near the Highland park reservoir Saturday. He had frozen to death.

FIRST DAY OF CIRCUIT COURT

Grand and Petit Jurors Selected, When Court Adjourned.

GRAND JURY WENT TO WORK

As Soon as That Body Received Charge of the Court They Got Down to Business—Strobhar Trial Up Next Monday.

The fall term of the Circuit Court, Eighth Judicial Circuit of Florida, in and for Alachua county, was called to order at 10 o'clock Monday morning, His Honor Judge Wills presiding, with State Attorney J. M. Rivers present.

The court being called to order, the following grand jury was drawn:

C. D. Wood, foreman; J. H. Holly, J. W. Bennett, J. D. Merry, C. A. Williams, S. R. Chitty, John W. Goss, J. P. DeSha, W. F. Grissom, John W. Sherouse, G. W. Everett, W. C. Dampier, W. R. Stewart, John Ford, S. J. Collins, G. T. Torley, H. A. Pickett, T. M. Kincaid.

After the grand jury had been sworn in, the court gave the charge, after which they went immediately to work.

Joseph Shannon was sworn in as bailiff to the grand jury.

The petit jury for the first week was then selected as follows:

E. D. Phifer, W. P. Shettleworth, M. F. Davis, W. B. Rowe, J. L. Crawford, J. E. Osteen, J. H. Earle, J. P. Jones, T. H. Cato, W. A. Hudson, Wallace Prescott, John E. Bryant, R. P. Miller.

After the organization of the court an adjournment was taken until this morning when the court will get down to business.

Owing to the fact that there are nearly one hundred cases on the trial civil docket and it will be impossible to try anything like that number this week, at the request of the members of the bar, and to save keeping a large number of witnesses here without much probability of reaching the cases in which they are summoned before the criminal docket is to be called, Judge Wills consented to hold in January next a term of the court for the trial of civil cases only, hence the conditions will be reversed from the usual custom, and the criminal docket will be taken up the first week, beginning today.

While the criminal docket is not as large as it has been in former terms, owing to the fact that the docket was relieved of many cases of long standing at the last term, in various methods, those cases which will occupy the attention of the court are of such importance that they will occupy a great deal of attention. Principal among those cases is that of the State vs. J. N. Strobhar, charged with embezzlement of funds of the Atlantic Coast Line while agent of the system in this city. It is understood that this case, which has been in the court for the past three terms, has been set for next Monday. State Attorney J. M. Rivers will be assisted in the prosecution of this case by Attorney Syd L. Carter of this city and R. A. Burford of Ocala, while the defense will be represented by Congressman Frank Clark, Ex-Congressman Robt. W. Davis, and Attorney B. A. Thrasher. This is a bright array of legal talent on each side, and an interesting trial is anticipated. It is stated that every inch of ground will be fought on both sides.

The Lowman Case.

Another important case to come up at this session of the court is the case of the State vs. Lowman, charged with the murder of Mr. Phinney at Raleigh a few months ago, the case having been transferred from Levy to Alachua county. This case will attract a great deal of attention, as all parties interested have relatives, and the witnesses are many. It has not been announced just when this case will be called.

CAPTAIN DENTON IS DEAD.

One of Gainesville's Old and Highly Honored Citizens Passed Away.

One of the saddest deaths to occur in this city or section for many years was that of Captain Henry C. Denton, who expired at 3:50 o'clock Monday afternoon of a complication of diseases, after an illness of only a few days.

Deceased was about sixty-eight years of age, and was one of the most widely-known and most popular men in the county. For the past sixteen years, up to about four years ago, he has been holding the trusts of public office, and could have been re-elected had he not relinquished his right for the benefit of friends whom he considered deserving. If anything he was a grateful and considerate man, and in his declining years he considered the service rendered him by others, and surrendered his rights and assisted those to whom he felt that he was indebted.

Mr. Denton was first elected as tax collector. After serving four years in this responsible position he was honored by the people as clerk of the circuit court, which position he held for twelve years. As a man he was all that could be asked; as a soldier in the Confederate army was more than could be expected, but he did his work well wherever he was placed, which showed the true manhood.

Deceased is survived by a widow, daughter, Mrs. J. A. Ettel, and a son, Harry, to whom the sympathy of the community is extended.

The funeral will be held Wednesday from the First Presbyterian church at 10 o'clock a. m., further mention of which will be made.

DEATH OF MRS. BRENIZER.

Old and Highly Respected Lady of North Gainesville Passed Away.

Mrs. Sarah A. Brenizer, seventy-three years of age, died in North Gainesville early Monday morning of consumption, after suffering for several months.

Deceased was well known and popular in North Gainesville, where she has resided for several years. She was a lady of refined Christian disposition, and it was with a feeling of deep regret that those who knew he learned of her death.

Deceased is survived by two sons and three daughters, to whom the sympathy of The Sun and the community generally is extended.

The funeral will be held at 2 o'clock this afternoon, Rev. T. J. Nixon of the First Methodist church officiating. Dr. T. F. Thomas has charge of the funeral arrangements. The interment will be in the Evergreen cemetery, and all friends are invited.

B. Y. P. U. Sr.

The B. Y. P. U. Seniors will hold a business meeting at the church at 7:30 o'clock this evening, at which important matters will be brought up. A full attendance is desired.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

MISS GOODE HONORED.

Received Highest Recognition at Cincinnati Conservatory.

Word has been received in this city to the effect that Miss Lovie Goode has just passed a most successful examination in vocal music at the Conservatory of Music in Cincinnati. In fact, Miss Goode was the only successful candidate. The examination is said to have been very rigid, comprising sight-reading, scales, major and minor, (harmonic and melodic) intervals, including augmented and diminished, arpegagrios and an operatic selection.

Miss Goode is a great favorite in Gainesville, being as amiable as she is accomplished, and she has as her destiny a most successful career. The success she has attained is not only a compliment to her, but to her teacher, Mrs. R. A. Becker, and to the entire city as well.

NEW AUDITOR APPOINTED.

H. W. Waits Succeeds C. R. Woods as Auditor of T. & J.

H. W. Waits has been appointed auditor of the Tampa and Jacksonville railway, formerly the Gainesville & Gulf, to succeed Auditor C. R. Woods, who has held that responsible position with credit for the past two and a half years.

Mr. Waits is a young man well known and popular about the city. He is regarded as a most accurate accountant, and will no doubt fill the position to the entire satisfaction of all.

While nothing authentic has been learned, it is stated that Mr. Woods will engage in business here. He is also a popular young man, and will do well in any business he undertakes.

UNIVERSITY PUBLIC EXERCISES

This Season Have Been Placed Under the Direction of Committee on Public Functions, and Are Proving Most Impressive—Football Team.

All public exercises at the University have been placed this year under the direction of the committee on "Public Functions." This committee consists of Doctors Crow, Farr and Davis. Among the duties of this committee is to arrange for the daily morning exercises, and the talks given after chapel on Tuesday.

This year the religious exercises will be conducted by certain of the professors, who have volunteered their services, each officiating for a week at a time. So far the professors who have taken part are Doctors Sledd, Yocum, Crow, Farr and Major Floyd.

The committee has added to the interest of the morning exercises by organizing a quartet to lead the singing. This quartet consists of Lieut. Ball, Dr. Schmidt and Students Corbett and Kyme. The accompanist is Student Jackson. Occasionally the music is further improved by the addition of flute and cornet, played by Students Childers and Kay.

The Tuesday morning talks have been made by Dr. Sledd, Dr. Crow and the Reverend Mr. Craighill. Mr. Craighill gave the students an appreciation of the character and work of the Bishop of London. His "talk" was among the most interesting ever given in chapel. The "talk" this morning will be given by the Rev. Mr. Nixon.

The circulars sent out by the committee on University Extension, offering to furnish lecturers to such high schools and other institutions as asked for their services, has met with a prompt response. Many high school principals have written asking that certain lectures offered in the circular be delivered before their schools on specified dates. Some of these principals have asked for as many as fifteen or sixteen lectures. Mr. Cawthon, of the Gainesville school, has arranged for a series of lectures in which all the gentlemen at the University, who have volunteered for such service, will take part. The first of these lectures was delivered last Friday night before a fair sized audience in the auditorium, on which occasion Dr. Sledd spoke on "Education and Crime." From statistics from history and from philosophic discussion of the subject, he proved that education is anti-criminal; in other words, that education lessens the number of criminals in a community.

The next lectures scheduled by the committee in charge of this work will be delivered by Dr. Crow in Brooksville on Friday night, and in Dade City on Saturday. His subject will be "Higher Education in Germany." Dr. Sledd was to have spoken at both places on these dates, but his attendance in Washington, D. C., at a conference of presidents of State universities necessitates making the change. He will leave for Washington Wednesday.

The students feel highly elated at the results of the football games already played. The victory over Rollins coming right after a victory over the strong and heavy Columbia team of Savannah, has aroused a great deal of enthusiasm. At the close of the Rollins game, Mrs. Jas. Farr, according to her usual custom, presented a very fine basket of fruit to the winning team. Football—Rollins vs. Gainesville. The second team of the University in the game it has played was not scored on, neither the Gainesville nor the Scrubs scoring. The game, however, was one of the most interesting ever played in Gainesville.

CAPTAIN STROBHAR HERE.

Came to Stand Trial Upon Alleged Charge of Embezzlement.

Captain Noble Strobhar has arrived in the city and will remain here during the present week at least, as it is expected that the famous case in which he is the defendant, the case of the Atlantic Coast Line for alleged embezzlement, is expected to come up some time during the session of the week.

Captain Strobhar, who was for years agent of the Atlantic Coast Line here, and one of the most widely known transportation men in the State, has many friends in Gainesville and vicinity, all of whom are interested in the case and its outcome. Captain Strobhar, who was quite ill at the spring term of the court, for which reason the case was postponed, is now in excellent health with the exception of his rheumatism, which always troubles him in such conditions of the weather as has been experienced in this section for the past two or three days.

FIFTEEN YEARS OF ECZEMA

Affected Hands, Arms and Legs—Endured Terrible Itching and was Unable to Sleep—Would Tear the Bandages to Scratch the Skin—In less than One Week

CURED BY THE CUTICURA REMEDIES

"I had eczema nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time and were always itchy, and I could not keep from scratching them. I had to keep both hands bandaged all the time, and at night I would have to scratch through the bandages as the itching was so severe, and at times I would have to tear everything off my hands to scratch the skin. I could not rest or sleep. I had several physicians treat me but they could not give me a permanent cure, nor even could they stop the itching. After using the Cuticura Soap, one box Cuticura Ointment and two bottles Cuticura Resolvent for about six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now. Edward Worell, Band 30th, U. S. Infantry, Fort Crook, Nebraska."

The most torturing and disfiguring humors, eczemas, rashes, itchings, irritations, and inflammations of the skin, scalp, and blood, with loss of hair of infants, children, and adults, are instantly relieved and speedily cured by the Cuticura Remedies, when all else fails.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Pills (Chocolate Coated 25c., per vial of 60) to Purify the Blood.

VALUE OF RIGHT BREATHING.

Health Comes From Knowing How and What to Breathe.

Dust laden with the germs of consumption or other disease is inhaled by all who use the streets, but disease is not developed unless the germs find conditions suitable for their lodgment and growth.

With people having catarrh there is an ideal culture medium for these germs, as the irritated membrane and weakened tissue is a hot-bed where germs must thrive and multiply until they are numerous and active.

If you have catarrh, you should use the easiest, simplest and quickest cure, the direct method of Hyomei, whose wonderful medicated air is taken in with the air you breathe, directly following and destroying all germs that have been inhaled, repairing any damage they may have worked and so healing and vitalizing the tissues as to render catarrh and germ infection no longer possible.

The unusual way in which Hyomei is sold should dispel all doubt as to its curative properties, for J. W. McCollum & Co. offer to refund the price to anyone whom it fails to benefit. You do not risk a cent in testing the healing virtues of this breath of life, for with every $1.00 outfit J. W. McCollum & Co. give a guarantee to relieve catarrh or money refunded.

NEWS OF CITY AND COUNTY CONDENSED

The family of Mrs. A. M. Dennis, deceased, desire to express their sincere thanks and appreciation for the many kindnesses extended by friends in their recent bereavement, and beg to assure them that these kindnesses will never be forgotten.

Captain H. S. Sutton of Meredith was in the city yesterday. "Cap." Sutton, as he is familiarly known, was for several years the efficient sheriff of Levy county, later engaging in railroad track laying. He is now employed in laying track for Phillips & McEachin, the extensive lumber manufacturers of Meredith, and states that this firm has already laid about ten miles of track. The firm has sufficient timber to run them for the next ten or twelve years.

Dr. N. J. Barry, Hill Jones, Ray Langford and Cal. Nipper, all of Newberry, are in the city. These gentlemen drove through country, and had a very exciting experience, as the horses ran the vehicle into a tree, the concussion being so sudden that it threw Dr. Barry out of the hack, injuring his head. The horses managed to release themselves from the harness and got away, but were soon captured, when the party proceeded to the city, being delayed about half an hour.

THE WEEK OF PRAYER.

Exercises at First Methodist Church Opened Monday Afternoon.

The first of the meetings of the Woman's Foreign and Home Mission Societies of the Methodist church convened in this city Monday afternoon, and was well attended. The program prove one of unusual interest, and will be remembered for some time by those who had the pleasure of hearing the same.

The sessions are held jointly, and the meeting this afternoon will be held under the auspices of the Home Mission Society, and will be under the leadership of Mrs. J. B. Padgett. The subject will be, "The Field White Unto the Harvest," and the following program will be rendered:

Hymn.
Paper—Mrs. L. C. Gracy.
Offering.
Doxology.

A Prominent Visitor.

Among the prominent visitors to this city Monday was Hon. Fred Cubberly, collector of the port of Cedar Key, who came here it is assumed on important political business.

While no authentic information is given out, it is confidently believed that Col. Cubberly will be appointed to succeed Hon. W. B. Sheppard as United States district attorney for the Northern District of Florida, Mr Sheppard having been promoted to the U. S. judgeship to fill the vacancy of Judge Swayne, deceased.

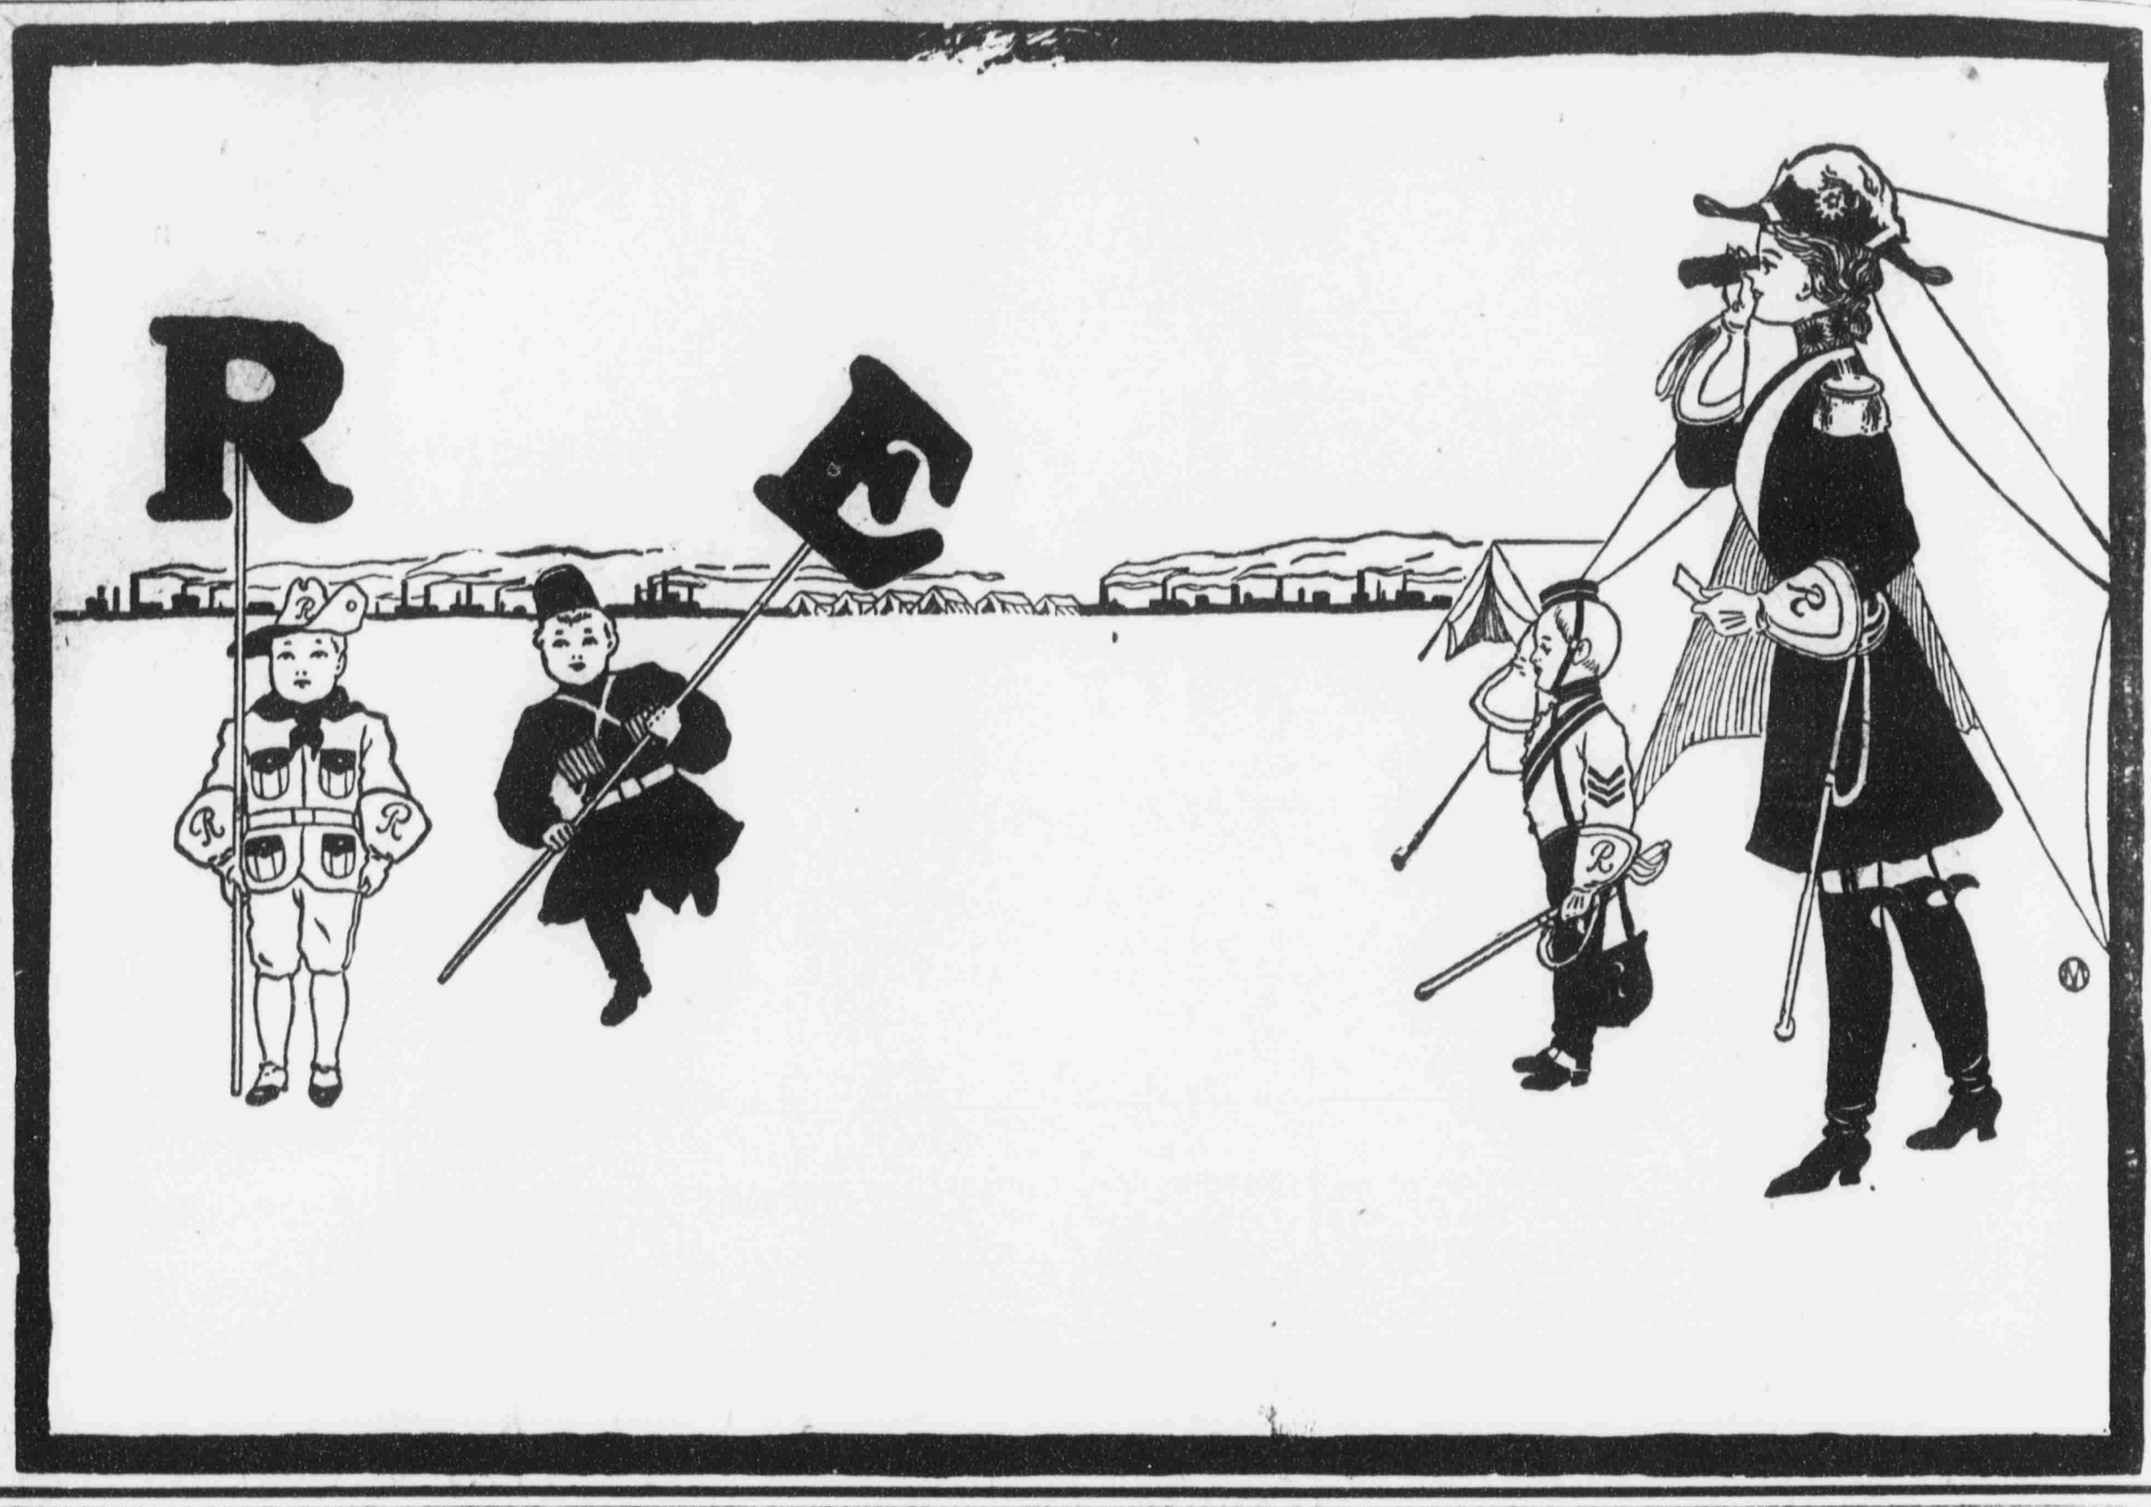
60 Years

We thoroughly believe in our remedies. We want you to believe in them, too. Suppose you let your doctor decide.

Sixty years of experience with Ayer's Cherry Pectoral make us have great confidence in it for coughs, colds on the chest, bronchitis, hoarseness, weak throats, weak lungs. Ask your doctor to tell you his experience with it. If satisfactory, then you will certainly have every confidence in it. J. C. Ayer Co., Lowell, Mass.



AN IMPORTANT DECISION.

Justice L. A. Minx Declares Anti-Railroad Act Unconstitutional.

[Kissimmee Gazette.]

Judge Minx, justice of the peace for district No. 1, has just rendered an important decision affecting railroad and express companies.

The last Legislature passed an act, being Chapter 5618, Laws of Florida, providing that, if claims against railroad and express companies are not paid within 90 days, and if in suits upon such claims judgment be rendered against such companies, the companies shall be panalized by a fine of 50 per cent per annum of the amount of such claims and shall also be taxed an attorney's fee.

In a suit brought by Col. Turlington against the Atlantic Coast Line for damages to freight, the constitutionality of the 50 per cent fine and attorney's fee was attacked, as being in violation of the XIV amendment to the constitution of the United States, inasmuch as it deprived the defendant of the equal protection of law, and was class legislation.

Upon a demurrer to the plaintiff's declaration Judge Minx sustained the railroad's demurrer, thus deciding that the act is unconstitutional, upon the grounds above stated.

P. A. Vans Agnew and Sparkman & Carter represented the railroad and Moon & Oliver the plaintiff.

MYSTERIOUS AFFAIR.

Murder Suspected, But Police Find No Motive for Crime.

New York, Nov. 11.—Lying face downward in a pool of blood, the body of Mrs. Grace Cesaro Vigil, elderly and well-to-do, was found at the foot of the main stairway of her home in West 158 street, Friday. Her skull was crushed in and there was a pronounced odor of escaping gas in the hallway.

While the police suspect a murder, they find no motive for the crime.

The sideboard had been ransacked but no silver or valuables were taken, and there was no sign of a struggle.

Of Mrs. Vigil little is known except that she was a Cuban by birth. She purchased her home twelve years ago for $20,000 and had lived there alone with the exception of servants ever since.

Raised His Salary by Prayer.

New Britain, Conn., Nov. 9.—The Rev. J. E. Klingburg, pastor of the Swedish Baptist church, has been raising his salary by prayer for a year. He has raised $1,131 for his own salary and $17,092 for his church during the year. He said that he thought the method a big success. He notified the church trustees last year that he felt it his duty to give up his salary and trust to prayer to bring him contributions for his family.

Mail Carrier Assassinated.

Knoxville, Tenn., Nov. 11.—James Coffee, a rural mail carrier whose route was a connecting one between Tazewell and Lone Mountain, Tenn., was found dead in a public road near the latter place at an early hour Friday morning. The mail carrier had been shot from his horse by an assassin, but the motive for the crime is not known, as the mail bags were not disturbed. News of the tragedy was telephoned the federal authorities at this place.

Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

Endorsed for Presidency.

New Orleans, La., Nov. 11.—The New Orleans Typographical union on Friday night unanimously endorsed H. S. Huspeth, its president, for the presidency of the International Typographical union.

Mrs. G. P. Webb of Dunnellon, and Mrs. H. J. Peterman of Archer, visited Mrs. P. P. Wood this week, returning home Friday.

Mr. and Mrs. Bert Anderson have moved to Williston.

The New Century Club met at the home of Mrs. H. McL. Grady on Thursday afternoon. A lovely program and recitations was rendered.

H. C. Stevens is quite sick at his home in this city.

Miss Imy Edwards of Williston is visiting her sister, Mrs. G. E. Gramling.

Mrs. A. E. Adams is visiting in Decatur, Ala.

The Pythian Sisters are preparing to give a reception this week at their hall.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

Tragedy at Rome, Ga.

Rome, Ga., Nov. 11.—Robert S. Mitchell, a musician, shot and killed Joe Sloop, a cigar-maker, in front of the Central hotel Friday. It seems there had been some trouble between the men on account of Sloop's wife. The shooting created great excitement in the city. In order to protect Mitchell he was carried to Atlanta and placed in the Fulton County jail for safekeeping.

Loses Life from Fall.

Birmingham, Ala., Nov. 11—Elisha Parker, who a few weeks ago fell from a scaffolding at the Warrior Manufacturing company's plant, died on Thursday from the effects. The remains were shipped to Phoenix City for interment.

Well Known Railroader Dead.

Berlin, Nov. 11.—Crown Princess Frederick William gave birth to a son Saturday morning. The first child of the crown princess was born July 4, 1906.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

SAD COMMENTARY.

Reports to the recuiting division of the War Department show that the army is at least 33 per cent below strength. This is certainly a commentary on our industrial prosperity. The principal reason given by the officers for this state of affairs is that even having to pay for his board and lodging, a man can make more outside the army than he can in it. The officers at the posts throughout the Middle West and on the Pacific slope particularly say that it is almost impossible to keep the good men in the service. They either fail to reenlist when their term of service is over or else buy their discharge before their first enlistment is up. In fact, in some localities employers are willing to advance money to good men to buy their discharge and set them to work at from $75 to $150 a month. There is not much chance for the Government to hire good soldiers against this sort of competition. The men who desert are in the minimum, but they are of the sort that either the Government nor the private employer wants. The cavalry regiments are the fullest in the service, but the infantry regiments are far below strength, and in the coast artillery companies that are nominally 100 strong can frequently muster only a score of men, including non-commissioned officers. There are two possible cures for this state of affairs. One is to give more pay, which is almost out of the question, seeing that the American army is already by far the best paid in the world, and the other is conscription, an alternative repugnant to American instincts and one that is not recommended even by the officers of the army. The matter will be put before Congress at the coming session and if they can figure out any practical remedy it will be more than the army officers themselves have been able to do up to date.

Premium lists for the great Florida State Fair, which will be held at Tampa February 5th to 23rd, are now in the hands of the printer, and will shortly be ready for distribution throughout the various counties and to the hundreds of individual producers. In addition to the annual State appropriation of $15,000 for exclusive payment of premiums, the Fair Association will, as usual, add several thousand dollars to the premiums, making a larger offering in premiums than has ever before been given at a Southern State fair. Although the premium list of the fair of last November was a most complete one in every detail, many improvements have been made in that now being printed for circulation. Persons desiring lists should at once address President T. J. L. Brown, Tampa.

The South expects to export about a billion dollars' worth of agricultural products this year, which may be one reason why it is viewing with no particular alarm the paper panic they have been having in New York.

Thousands Have Kidney Trouble and Never Suspect it.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalency of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, *who content themselves with doctoring the effects*, while the *original disease* undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

$50,000 FIRE AT SALISBURY.

Famous Old Mansion Block Was Destroyed by Flames.

Salisbury, N. C., Nov. 11.—Friday morning fire broke out in W. H. Huff's grocery store and destroyed the famous old Mansion block, part of which was built before the revolutionary war along with a numbr of stores, the loss being about $50,000.

It was in the Mansion block that Mrs. Elizabeth Maxwell Steele entertained General Greene, and at least one one occasion George Washington dined there.

A policeman, attempting to wake Mr. and Mrs. Sneider and Miss Russell, on the second floor, was overcome and carried down with Mr. Sneider. Mrs. Sneider and Miss Russell were rescued from the flames by firemen with ladders.

For a time it looked as if the entire business section of the city would be destroyed.

There Is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Six Prohibition Bills.

Montgomery, Ala., Nov. 11.—Half a dozen prohibition bills were introduced in the legislature Thursday, one of them being for an amendment to the constitution. Among those seeking statutory prohibition was one by the speaker. Many bills were presented to control railroads and many more are being prepared. Most of the time was taken up in preliminary.

Struck by Train and Killed.

Los Angeles, Calif., Nov. 11.—A man, believed to be Arthur Newton, formerly of Lampasas, Tex., was struck by a car on the Los Angeles Pacific line near Sherman Friday night and instantly killed.

RHEUMATISM

BODY RACKED WITH PAIN

No other disease causes such wide-spread suffering as Rheumatism. It is a nerve racking torture, and so thoroughly does it dominate the system, when it becomes entrenched in the blood, that its victims are usually complete slaves to pain. Rheumatism is due to an excess of uric acid in the blood brought on by stomach troubles, weak kidneys, indigestion, and a sluggish condition of the system. The natural refuse of the body, instead of passing off through the ordinary channels of waste, is left to sour and ferment in the system because of these irregularities, forming uric acid which is absorbed into the blood, and Rheumatism gets a foothold. As the blood circulates through the body it deposits the acrid, irritating substances with which it is saturated, into the different muscles, nerves, tissues and bones. Sharp, biting pains commence, the flesh becomes feverish, swollen and tender, the muscles and joints throb and jerk, and the body is literally racked with pain. Plasters, blisters, liniments, etc., can never cure the disease; they relieve the pain, perhaps, temporarily, but do not reach the trouble, which is in the blood. S. S. S. is the proper treatment for Rheumatism. It goes down and attacks the disease at its head, and by driving out the poison and acrid fluids which are causing the pain, and strengthening and enriching the blood, cures Rheumatism permanently. S. S. S. is the greatest of all blood purifiers, just what is needed in every case of Rheumatism. Book on Rheumatism and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

KEEPERS EXECUTE ELEPHANT.

In Presence of 21 Others Big Brute Was Strangled with Rope.

Bridgeport, Conn., Nov. 11.—The Columbia, the first elephant born in this country, was executed Friday in the presence of 21 other elephants, including her mother, because she was considered neither safe or sane. Columbia was born in Philadelphia 28 years ago and was easily handled until a month or two ago.

The execution of Columbia was simple. She was choked to death. Keeper Denman shackled her to one corner of the elephant barn. A rope was thrown around her neck and with the aid of block and tackle, five men pulled the rope around her neck so tightly that the elephant was choked before she had time to make an outcry. Her pulging eyes were the only sign of pain.

The body, weighing 9,350 pounds was dragged out of the barn by Alberta, one of the largest elephants in the herd. It will be cut up into small pieces.

The hide, feet and tail will be saved. The teeth are to be used as paper weights, the feet for umbrella stands, and the hide makes a fine leather covering.

COUNTING CASH CAUSED DEATH

Cashier Falls a Victim to Myxedema, a Rare Disease.

New York, Nov. 11.—Myxedema, a rare disease, which was brought on in its case by continual contact with paper money, has caused the death here of Edward H. Hall, formerly cashier of the firm of Arnold, Constable & Co.

Twenty years spent in counting paper money infected him and for 10 years before his death he has been a sufferer from the malady that baffled medical skill.

It was Mr. Hall's custom to moisten his thumbs while counting, and years of work so affected his hands that the skin became dry and hard and cracked open in cold weather. A general thickening of the tissue set in, which was followed by complications involving the kidneys and circulatory system, later developing into Bright's disease.

NEW ELECTRIC LINE.

Backed by Prominent Capitalists of Atlanta and Other Places.

Marietta, Ga., Nov. 11—An enthusiastic mass meeting was held here on Wednesday to promote a new interurban line from Marietta to Macland, then to Powder Springs, Austell and on to Atlanta.

The line is said to be backed by prominent capitalists of Atlanta and other places.

The country along the line is thickly populated and besides being a paying proposition it will be a great benefit to the citizens along the line. The new agricultural school of the seventh district is located at Macland, which is one of the most thriving communities in Cobb county.

Application for incorporation will be made in the next few days and the line will be called the Marietta-Macland Railway company.

UNION PRINTERS STRIKE.

Walk Out in Two Large Printing Establishments at Knoxville.

Knoxville, Tenn., Nov. 11.—Union printers in two of the largest job printing plants in this city quit work [illegible] following the employers' refusal of the Typographical union's demand for an eight-hour day, an increase in wages and other concessions. The employers also announce that on and after next Monday their establishments will be conducted as "open shops."

The union's contract with the local job printing houses expires Sunday, and the employers' refusal follows the failure to agree on a proposed new scale at a meeting of the local union last night to take further action.

The employers say they are determined to maintain the "open shop" policy.

Passports Not False Passports.

Berlin, Nov. 9—The police have searched the houses of several officials of the line of Russian steamers plying from Libau to New York in the seizure of several passports and the arrest of the captain and many emigrants who were about to embark for the United States.

$10,000 Fire Damage.

Louisville, Ky., Nov. 11—Fire early Saturday caused a loss of $10,000 in the business section.

Suffered habitually from constipation. Dr. King's Regulets relieved and regulated the bowels, so that they have been regular ever since."—A. E. Parker, Sulphur Springs, Tex.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better by reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause*, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in *any condition of the female system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

An Appropriate Hymn.

The worshipers in a certain chapel had some trouble to keep their faces straight a short time ago.

During the service some commotion was caused by a gentleman who accidentally ignited a box of wax matches in his pocket and was trying to put them out, while his alarmed neighbors struggled equally hard to help him.

The minister, being shortsighted, could not make out the reason of the disturbance, and, thinking to diplomatically cover the incident, he innocently said:

"Brethren, there is a little noise going on. Until it is over let us sing 'Sometimes a Light Surprises.'"—London Chronicle.

AN INGRATE SOLDIER.

His Cowardly Action Was the Making of a Nobleman.

Here is a story of the battlefield. There was war between the Swedes and the Danes. One day a great battle was fought, and the Swedes were beaten and driven from the field. A soldier of the Danes who had been slightly wounded was sitting on the ground. He was about to take a drink from a flask. All at once he heard someone say:

"O, sir, give me a drink, for I am dying."

It was a wounded Swede who spoke. He was lying on the ground only a little way off. The Dane went to him at once. He knelt down by the side of his fallen foe and pressed the flask to his lips. "Drink," said he, "for thy need is greater than mine."

Hardly had he spoken these words when the Swede raised himself on his elbow. He pulled a pistol from his pocket and shot at the man who would have befriended him. The bullet grazed the Dane's shoulder, but did not do him much harm.

"Ah, you rascal!" he cried. "I was going to befriend you, and you repay me by trying to kill me. Now I will punish you. I would have given you all the water, but now you shall have only half." And with that he drank the half of it and then gave the rest to the Swede.

When the king of the Danes heard about this he sent for the soldier and had him tell the story just as it was.

"Why did you spare the life of the Swede after he had tried to kill you?" asked the king.

"Because, sir," said the soldier, "I could never kill a wounded enemy."

"Then you deserve to be a nobleman," said the king. And he rewarded him by making him a knight and giving him a noble title.—"Famous Stories Retold."

Weighting a Horse's Stern.

Some of the officers and men of a vessel once anchored in the harbor of Funchal, Madeira, went ashore for a horseback ride around the island. About halfway up the mountain we came across a little mizzentopman, flushed and evidently very warm, riding a spirited little horse with a stone tied up in a silk handkerchief slung to his tail.

The first lieutenant laughed and said, "What are you doing with that handkerchief, Brown?"

"Why, you see, sir," said Brown, "that when I first hitched her up she pitched badly, being too much by the head, so I just rigged this stone on aft and brought her down to her bearings, and she sails now like a clipper, sir."—"On a Man of War."

DO NOT KNOW WHAT CAUSES SICKNESS

Modern People Have Many Names for Same Diseases, According to New Belief.

Does human health depend on one organ alone? This question is becoming widely discussed since L. T. Cooper first advanced his theory that the stomach is the true seat of life and all health dependent upon it.

Mr. Cooper, who has met with remarkable success in the sale of his new medicine, believes that the stomach is responsible for most sickness, and that this organ is weak in the present generation. While discussing this theory recently, he said: "I am asked time and again to tell why my medicine has made such a record wherever I have introduced it. My answer always is, 'because it restores the stomach to a normal condition.' No one will deny that today there are more half-sick men and women than ever before. Nothing critical seems to be the matter with them. They are just half-sick most of the time. They don't know really what is the matter with them. I have talked with thousands during the past two years, and few knew indeed what their trouble was. One said nervousness, another said kidney trouble, another liver complaint, some constipation, or heart trouble, or lung trouble. Many had treated, as they called it, for most of these diseases at different times. A very common complaint is 'all run down,' or 'tired all the time,' or 'no appetite.'"

"I know positively that every bit of this chronic ill health is caused by stomach trouble, and nothing else. My New Discovery puts the stomach in sound condition in about six weeks. Mighty few people can be sick with a sound digestion. That is why my medicine is selling at such a tremendous rate. I have convinced many thousands of people that these things are so, and the number is growing by leaps and bounds."

Among more recent converts to Mr. Cooper's beliefs is Mr. Edgar L. Hinds, living at 6 Tappan Street, Everett, Mass. Mr. Hinds has this to say on the subject:

"I have suffered with stomach trouble for eight years. I was not sick enough to be in bed, but just felt bad all the time. My greatest trouble was that I always felt tired, would get up in the morning feeling as tired as when I went to bed.

"I had a very irregular appetite, and was troubled with dizzy spells. If I stood for any length of time, I would have a dull pain in the lower part of my back. I was nervous and felt all the time as though something terrible was going to happen. I tried many kinds of medicine, but nothing ever helped me.

"I had about given up all hope of ever being in good health again, when I heard so much of Cooper and decided to try his medicine. I took one bottle of his New Discovery and was greatly surprised at the result. I gained 12 pounds in a few weeks. I can now eat anything I wish, and feel like a new man. I cheerfully recommend this medicine to all sufferers from stomach trouble."

It is worth anyone's time, who is not enjoying good health, to learn of Mr. Cooper's wonderful preparations. We are selling them in large quantities.—J. W. McCollum & Co.

No Operation

Mrs. Malinda Akers, of Basham, Va,, writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

THE REASON

Why W. M. Johnson Continues to Recommend Vinol.

First: Because it is not a patent medicine and it contains beside tonic iron all of the medicinal curaitve elements of cod liver oil actually taken from fresh cods' livers, but without a drop of oil to nauseate and upset the stomach and retard its work; therefore, wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Second: Because Vinol acts first upon the stomach, creates a healthy appetite, strengthens and tones up the digestive organs, purifies and enriches the blood, and, in a natural manner, restores health and strength.

Third: Because Vinol contains no injurious drugs to react upon the system; every ingredient being named on the label, a patient knows exactly what he is taking.

Fourth: Because we never sold anything in our store that gave such universal satisfaction for old people, weak, sickly women and children, nursing mothers, and to build up the system after a severe sickness, and for relieving hacking coughs, chronic colds, bronchitis and all throat and lung troubles.

Try Vinol on our guarantee.—W. M. Johnson, Druggist, Gainesville, Fla.

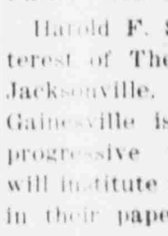
Justice E. T. Henderson of Newberry, P. G. Ramsey of Wacahoota, James Smith of Trenton, F. H. Clyatt of Clyatt, J. B. Kennard of Waldo, Ernest Spencer of Alachua and N. A. Callison, manager of Spring Park Farm, were in the city yesterday.

Harold F. Smith is here in the interest of The Evening Metropolis of Jacksonville. Recognizing the fact that Gainesville is one of Florida's most progressive towns, The Metropolis will institute a Gainesville department in their paper that is sure to prove a daily source of interesting news to all.

Among those attending the court is Judge E. A. Pinnell of Bronson, one of the pioneers in the profession in this section of the State. Judge Pinnell is interested as one of the attorneys in the Lowman case, the defendants being charged with murder, and the case being transferred to this court.

Mr. and Mrs. J. E. Futch left yesterday for Arcadia and Wauchula, where they will remain for the next few days. Mr. Futch owns valuable orange groves at these places, and is going to superintend the picking and packing of his crop, which has just begun. He anticipates a good crop this season, and as the fruit is extra fancy, he expects to realize good prices.



Mount Vernon Lodge No. 20, Knights of Pythias, meets tonight at 7:30 in their Castle Hall over Dutton's Bank. Work in the Second Rank. Visiting brothers welcome. J. A. Robertson, C. C.; E. A. Struse, K. of R. & S.
